MESSAGE FROM **PRESIDENT**

MR MAHMOOD GAZNAVI

MESSAGE FROM PRESIDENT

The COVID-19 pandemic cast a long shadow on all aspects of life. Cricket was not spared. The pure enjoyment the game offered to many lucky enough to play the sport was denied them for a significant period this season. While the game ground to a standstill, cricketers believed it would be a matter of time when normality would resume; an outcome anticipated with the necessary adherence to directions put in place by the government to eradicate the spread of the virus.

This gloom notwithstanding, Singapore cricket surged ahead in 2020. Our national team defied the odds and produced stunning results. In the ICC T20 World Cup Asia Qualifiers which we hosted, we topped the 5-nation competition. Our wins against Nepal, Malaysia and Qatar with a no-result against Kuwait allowed us to take the single spot available to advance to the ICC World T20 Global Qualifiers in Dubai. There, we produced more stunning performances. We defeated Scotland and Bermuda but did not find enough momentum to gain a place in the T20 World Cup finals.

These superlative performances were also preceded by a Singapore win over Test-playing nation Zimbabwe in the Singapore Tri-Nation tournament we hosted in preparation for the Dubai event.

MESSAGE FROM PRESIDENT

And in the Asia Cup Pre-Qualifiers, we clinched the top spot in the Eastern Conference to advance to the Asia Cup Qualifiers to be played in due course.

All in all, the wins over fancied opponents who ranked several rungs above us allowed us to progress to the top 20 in the world – the first time Singapore had achieved this milestone and 3 rungs higher than our placing last year. About a dozen years ago, we ranked in the high 60s.

This phenomenal progress is not without method. The SCA scoured many parts of the world to bring together custom-made opposition to test and prepare our national players prior to major tournaments. The floodlit ground at IA which SCA occupies each evening was littered with matches featuring first-class players brought to our shores to coax the best from our players. Quality bowling, batting and fielding which came naturally for these overseas players gradually rubbed on to the national team whose performances in more than 10 contests moved on an upward curve as they fed off the quality opposition in each successive encounter.

I will be remiss if I do not pay tribute to the national players who hold full-time jobs and labour on in the evenings into the late hours to hone their skills. I salute the tremendous sacrifices the national players put in in their quest to lift the Singapore team and my steadfast plea to all players has been to build the team into one single seamless machinery that thrives on integrity and determination to achieve results without losing track of the requirements to uphold the fine traditions of the game.

MESSAGE FROM PRESIDENT

I thank all my fellow members of the Executive Committee who have been single-minded in their drive to push the Singapore team and cricket ahead all the time. I also thank the cricketing fraternity for their valuable support.

Together, I am confident that we can sustain the momentum and achieve greater glory for Singapore cricket. To the SCA staff who have worked hard to ensure support needed for cricket in Singapore, I extend my appreciation too.

“I salute the tremendous sacrifices the national players put in in their quest to lift the Singapore team and my steadfast plea to all players has been to build the team into one single seamless machinery that thrives on integrity and determination to achieve results without losing track of the requirements to uphold the fine traditions of the game.”

MESSAGE FROM CEO

MR SAAD KHAN JANJUA

MESSAGE FROM CEO

ICC T20 World Cup Asia Qualifiers, ICC World T20 Global Qualifier, Asia Cup Pre-Qualifiers are the tournaments that the National team breezed through in 2020, carrying their national colours to victory. These glorious wins place Singapore in the 20th placing in the ICC rankings for T20 teams globally.

That is ACHIEVEMENT! From our humble spot at 70 to an honoured 20th ranking over a span of 20 years is a gratified achievement.

This was a collaborated round table effort and it would be remiss of me not to mention these efforts. Our Executive Committee filled with passionate individuals, despite holding senior challenging positions in their careers, gave time and spurred cricket with inspired direction. The SCA Officers who were constantly on the ground 24/7 to execute the plans, though novel techniques, creative tournament structures and modern training approaches. The Players while gainfully employed outside of cricket, sacrificed their after work hours and family time to make this possible and the Cricket Fraternity of Singapore supporting these efforts. All of them came together to make this colossal outcome possible. A special thank you to ACC for supporting us through all our trying moments.

A HUGE triumph indeed. A state of affairs that clearly puts us in a new arena where further new techniques and approaches will be explored to keep us in this wonderful sport and further growth.

MESSAGE FROM CEO

Our international success was unfortunately followed by a global pandemic of COVID 19, causing despondency across the globe. From saying no to handshakes to playing matches in empty stadiums and eventually calling off almost every series or tour, the cricketing world has been severely impacted by the global pandemic of COVID-19.

This global pandemic has cast shadows on sport in general and cricket in particular. But we need to persevere. Singapore has embarked on yet another inspired approach to training and playing. Our coaches are training our boys via zoom, keeping them mentally and physically fit. We will see new normals in our life as we enter a new era of living, travelling and playing.

“The next few years will be a disruptive and difficult time for all of us. But despite these immense challenges, I say to you: Do not fear, do not lose heart, Singapore will not falter in its onward march. I believe we can still secure a bright future for ourselves. An even better and stronger Singapore will emerge from this crisis.” - Prime Minister Mr Lee Hsien Loong said in his speech, the first in a series of national broadcasts on Singapore’s future beyond COVID-19.

The Singapore Cricket Association will adhere to supporting our nation through these difficult times and take Singapore Cricket into a new arena.

GENERAL

Appointment of Captain Amjad Mahboob

Ahead of the regional finals of the ICC T20 World Cup Asia Finals Qualifier 2019 that was held in July 2019, Amjad Mahboob was appointed Captain of Singapore National Men's Squad. He made his T20i debut for Singapore against Qatar on 22 July 2019 and has since led Singapore to victory in the ICC T20 World Cup Asia Finals Qualifier 2019 tournament held in Singapore and also ACC Eastern Region Men's T20 2020 held in Bangkok, Thailand. He was also the leading wicket-taker for Singapore in the 2019 ICC T20 World Cup Qualifier, with ten dismissals in six matches. Amjad took over the captaincy from Chetan Suryawanshi.

GENERAL

Singapore create history by qualifying for 2019 ICC T20 World Cup Qualifier for the first time

Singapore earned their first shot at qualifying for the ICC Men's T20 World Cup when they beat world No.11 Nepal en route to winning the Regional ICC T20 World Cup Asia Qualifier held in Singapore in July 2019.

Singapore was unbeaten in the tournament, starting with a 33-run upset of World No.21 ranked Qatar. The match against Kuwait was called off due to bad weather and Singapore beat Malaysia by eight wickets in the following match. Singapore romped to victory against Nepal by 82 runs in the final match which was the decider, with Singapore leading Nepal by just a point till then.

GENERAL

Singapore beat a ICC full member team for the first time by beating Zimbabwe in the Tri-Nation Series 2019-20

Singapore caused a huge upset when they beat test playing Zimbabwe by 4 runs in a T20i match during the Instarem Singapore Tri-Nations T20 series held in Singapore in Sept-Oct 2019. In a rain-affected clash, Singapore elected to bat and put on 181 runs before restricting Zimbabwe to 177 and won the match by 4 runs.

It seemed victory was Zimbabwe's when they were 142/2 in 13.1 overs but a double-wicket over from medium-pacer Janak Prakash turned the tide in Singapore's favour and Sidhant Singh held his nerve, defending 10 runs off the final over to take Singapore to a historic win.

GENERAL

Singapore stun Scotland in the 2019 ICC Men's T20 World Cup Qualifier by beating them by 2 runs

In the opening match of the 2019 ICC Men's T20 World Cup Qualifier held in Dubai 2019 against Scotland, Singapore batted first and put up a fighting total of 168/6 in their 20 overs. A knock of 51 runs by Surendran Chandramohan and Arirtra Dutta's 32 runs in 15 balls helped Singapore get there.

Chasing 169 runs, Scotland needed just eight runs in the last over with four wickets in hand. Captain Amjad Mahmood bowled the final over, kept his cool and took the wickets of Calum MacLeod and Safyaan Sharif, while Alasdair Evans was run out on the last ball. Selladore Vijayakumar, who took 3/16, was the Player of the Match.

GENERAL

Singapore reach their highest ever ranking of No.20 in the ICC T20i world rankings

Victory at the ACC Eastern Region Men's T20 in Thailand saw Singapore reach their highest ICC T20i world rankings of No.20 since starting close to No.70 about 20 years ago. Singapore has been in ascendancy since winning the regional ICC T20 World Cup Qualifier in Singapore in July 2019 and also beating top-ranked teams like Zimbabwe and Scotland subsequently. The win at the ACC Eastern Region Men's T20 Thailand 2020 was another step in the right direction.

GENERAL

Singapore teen Jeevan Santhanam and National women's Team captain Shafina Mahesh train at prestigious National Cricket Academy in India.

Jeevan Santhanam and Shafina Mahesh were Singapore's two representatives at the National Cricket Academy training camp, which was held in Bengaluru from 8 Oct 2019 to 31 Oct 2019. The camp's participants consisted of 58 young players from 19 Commonwealth countries including Namibia, Mozambique, Malaysia, Trinidad and Tobago, and Nigeria.

Jeevan trains at the Singapore Cricket Association's (SCA) academy and represents Singapore Recreational Club in the SCA Club League. Shafina Mahesh has been the captain of the Singapore Women's national team since March 2019.

OBITUARY

Mr. John Cecil Cooke, one of the longest-serving SCA officials and a former SCA President, passed away in Perth on 13 May 2020. He was 91.

Mr. Cooke played a pivotal role when Singapore became an associate member of the ICC in 1974. He took Singapore cricket to greater heights by successfully organising inter-club tournaments, tours, inter-state and representative fixtures and made an everlasting effort to encourage the growth of cricket in Singapore.

(Mr. John Cecil Cooke, Bowling)

"His intense connection with cricket was exemplified by his constant appearances at cricket venues; as a player, a spectator and someone who looked to improve the younger lot of players. He will be sadly missed. He lived well after retiring in Perth, Australia, in the late 1980s, a fulsome life and I'm sure with no regrets."

"Cecil was a passionate cricketer both as a player and as an administrator," said SCA President Mahmood Gaznavi. "He was responsible for prodding numerous youngsters to pursue cricket and many of them went on to form the backbone of the national team for several years." SCA extends its condolences to Mr. Cooke's family and all his loved ones.

IA triumph over SCC in SCA Premier League final

The SCA Premier League final was held at the Singapore Indian Association ground on Sunday, 4th August 2019, between the IA Eagles and SCC Lions. The best players were on display from the top two sides of Singapore's highest cricket league. Singapore was fresh from their victorious campaign at the ICC T20 Cricket World Cup Qualifier Asia Finals and there were 10 players from that squad taking part in this match.

The IA Eagles won the toss and elected to bat. This turned out to be a good decision on a flat pitch and resulted in some exciting cricket. Although they lost an early wicket with Rohan being dismissed, Chaminda (50 of 79) and Surendar (122 of 103) had a brilliant partnership and built a solid foundation. This was followed by crucial knocks from Arjun (73 of 56) and Chetan (72 of 37) for IA to reach an incredible 370 for 7 of 50 overs.

This was a huge mountain to climb for the SCC Lions and it did not help when Janak clean-bowled opener Aritra for 0 in the first over. Navin (59 of 33) and Sidhant (41 of 26) fought hard and kept up with the required run rate. However after the fall of their wickets, there was not much resistance. Anantha was the pick of the bowlers with 3 for 47 of 9 overs. The SCC Lions were eventually bowled out for 239. This resulted in a 131-runs margin of victory for IA Eagles, continuing their domination of local cricket.

Vihaan Maheswari guided the team home with 21 not out of 24 balls.

SG Crescents let themselves down in the field, with misfields, dropped catches and missed run-outs. Left-arm finger spinner, Naman Satija had the best bowling figures for the Crescents with 2 for 6 in 3 overs. SCA Academy won the GIIS U16 T20 tournament

SCA Academy won the GIIS Global Twenty / 20 U16 Cricket Tournament 2020 held at GIIS east coast campus from Jan 20th to Jan 24th 2020. SCA Academy beat GIIS in the final breaking their record of winning this tournament 4 years in a row.

It was a daunting task for the SCA academy to compete in any tournament at a junior level. After the closure of its academy in 2017 due to Kallang ground taken back by Sports SG, SCA Academy started its program right from scratch in 2019.

SCA Academy had to face many hurdles in terms of ground and logistics. It stood firm and its panel of coaches worked hard to get back on track.

The academy used to run its program in Kallang since 2011 which-groomed many players like Janak Prakash, Rohan Rangarajan, Aryaman Uchil and Ansh Bhargava who are the product of SCA academy and are now players of Singapore national senior team.

These players came through a system which was well adopted and established through the junior development program. Now call the JCDP (Junior Cricket Development Program) showing the new batch of players in the likes of Aryaveer Chaudhary, Sidhanth Srikanth, Kabir Zandani, Arjun Nagpal and many more talented players who represented SCA academy in GLIS U16 T20 tournament from 20-24 Jan 2020.

Not only this, but the SCA academy also broke the winning streak of GLIS after 4 years by beating them in the final on the 24th of Jan 2020. SCA academy chased down the target of GLIS in a competitive final, chasing down the mammoth score of 148 /2 in 16.5 overs. Sidhanth Srikanth and Arjun Nagpal again showed some great batting performances to chase down the target with ease.

SCHOOLS CRICKET

SCHOOLS REPORT 2019

Singapore Cricket Association is committed to the development of the sport in Singapore and mainly at the School level. SCA strives hard to propel talented School cricketers into their National squads which can help them evolve into highly talented players.

Cricket development amongst the youth was in full evidence at the grounds where these finals were played with around 200 supporters for each school, which gave a charged up atmosphere and was a grand spectacle to watch. It was truly wonderful to have such numbers watching and cheering for a cricket final in Singapore.

There are many local cricketers groomed from these schools who are then picked into National age group squads. Quite a few of these players have gone on to represent Singapore at the senior national level. ACS(Independent) School has been one of the front runners in the supply chain of National players.

SCA, apart from supporting the CCAB Tournaments, in their quest for School's development organize A, B & C Division eight-a-side-tournaments for the local Schools which creates a platform for all cricket playing boys in the schools to partake.

Coached by the very experienced former National Coach Sarika Prasad, ACS(Independent) School had made a clean sweep of the A, B & C Division school titles for the year 2019. This is the 2nd instance of the school achieving the School's cricket version of a grand slam. They won the B Division title first in March 2019, followed by the A Division title in April and the C Division title in August 2019.

SIC SCA League- Season 9

Season 9 of SCA Indoor Cricket League began on the 25th of May. A total of 14 teams participated with 7 teams in each division. Every team played each other thrice in the league. The league stage, which lasted for about 4.5 months, comprised of 63 games in each division.

Division 1

After a few fierce games, Strikers Blitz was qualified for the finals directly by topping the table. Cavaliers (3) overcame Pitchers (2) in the closely contested qualifier to reach the finals. Strikers Blitz beat Cavaliers (79-55) in a fiery and fierce game to become the champions. Warriors (5) defeated Saints (4) to become Division 1 plate winners. Ajay Daniel from Strikers Blitz went on to become the most valuable player for Division 1.

Division 2

Royal stags qualified for the finals directly by edging out IPC braves marginally in the league stage. IPC braves (2) defeated Bedok Kings (3) in the qualifiers to reach the finals. In a high scoring final, Royal stags chased down an almost impossible 107 (final score 117-107) to become the division 2 champions. Both the finalists were promoted to division 1 in the subsequent season. The plate finals between Knights (4) and Pitchers II (5) ended in a tie, and the title was awarded to Pitchers II by virtue of higher skins won. Rahul Rajput from Bedok kings was adjudged the most valuable player of the season for Division 2.

SIC INTERNATIONALS

Masters Series

The Singapore Over-35s indoor cricket team returned from the Masters Series in South Africa in September 2019 with 3 big wins against India, England, and Sri Lanka. They also won at least a skin against all participating nations apart from Australia. This has been one of the best performances by a Singapore indoor side in a World Tournament ever. Karthik Subramanian led from the front for the team along with experienced campaigners Abhinav Chitamani, Vijay Babu Vaithinathan and Rajiv Chandrasekhar. Singapore travelled with 5 debutants and they delivered and stood up individually during crucial stages in the tournament. Abhinav and Karthik both completed their 50th cap in the tournament. Rajiv narrowly missed it having played 49 times for Singapore. Sharan Swaminathan coached the squad ably to return home with a number of wins and a few close matches.

SIC INTERNATIONALS

Masters Series

The Singapore Masters Over 40 team started very early in the world series in Cape Town, South Africa in October 2019. Singapore Masters Over-40s started practice in Jan 2019 itself. As is the usual case with Singapore, the Over-40s average age is above 45 and closer to 50. So it was always going to be a tough tour. But the bunch was not worried. They were there to represent Singapore, play fair and hard and more importantly play the role of spokesmen for Singapore Cricket. Despite the odds, the team played well and gave of their best in Singapore's short history at the games. They won 3 skins, ran a couple of skins very close. There were two hat-tricks and two 4 wicket hauls in the bowling department. There were five batters who scored more than 15 off their own bat in a single inning, which is comparable to best in the world. There were brilliant fielding performances on display as well. In particular, Jason Kleeman at the back stick inflicted a number of outs, probably the most by an individual in the entire tournament. On the whole, it was an extremely satisfying tour for the Over-40s.

Singapore hosts NZ Asia Cup

Outside of the world cup events, most international Indoor Cricket tournaments tend to be Tri-Nations or bi-lateral. Singapore pulled off the impossible by hosting New Zealand, Malaysia, UAE, India, and Sri Lanka in April 2019. It was remarkable for a number of reasons. We managed to do that with just a single court. It was even more remarkable because it was completely run by the players. There was not a single person employed to manage the event. Live telecast was outsourced. All other logistics were handled by player volunteers. And many of these volunteers were also playing in the same tournament. So, they had to balance between their time on and off the court. The tournament went smoothly as the WICF President acknowledged. Quality of the competition was befitting the size of the tournament. New Zealand won the tournament. Singapore won the plate finals, first-ever tournament silverware for Singapore.

Singapore stands tall at WICF AGM

Singapore became a full member of WICF in 2016. Since then it has grown in stature. While bigger cricketing nations with longer history struggled to field teams in the world events, Singapore had been steadfast in representing. We have attended all World Cups, Masters World Series and Junior world cup since 2013. During the Masters World Series in 2016, at Birmingham, Singapore was appointed as the Asian delegate to look into developing the sport in Asia. Rashid Ahmed Khan was appointed as the Asian delegate. Since then he has managed to kick start Asia Cup, NZ Asia Cup and Australasia Cup. These have become regular calendar events in WICF. Kuwait, Qatar, Thailand, Indonesia and Bangladesh are all waiting in the wings thanks to Rashid's efforts. At the 2019 Masters, Singapore's Rashid Ahmed Khan was again appointed as the Asian delegate. Important pieces of work have been delegated to Singapore Indoor Cricket Chairman as well. Muralidharan Govindarajan has been entrusted by WICF to help move WICF's bank account from London to Singapore. He has also been entrusted to review and update the WICF constitution. These are all testament to the importance Singapore is playing in the international arena.

Singapore has also become the favourite touring destination for all international teams. All teams have shown great interest in coming to Singapore and playing. NZ Asia cup, hosted by Singapore, had the largest number of countries represented outside the world cup.

Singapore umpires make stride in the world arena.

The umpiring committee has been doing a stellar job, grooming local players into competent umpires. In the last couple of years, we have had our umpires officiate in international games as well. This year a milestone was achieved when Kiran Mascheranas officiated in the WICF World Masters Series. This is the first time a Singaporean Indoor Cricket Umpire officiated in a world event. In prior years stellar work done by Sailesh Thakur at the Australasia Cup followed by NZAsia Cup lead to Singaporean umpires climbing up the ladder.

COMMUNITY INITIATIVE PROGRAM

VAANGAE ANNA

The SCA donated plastic cricket bats, wickets and pro softballs to the Vaange Anna community initiative. National player, Aahan Achar, was on hand to donate the kit to Revathi Priya, one of the co-founders of the initiative.

Vaangae Anna is a community initiative which aims to break down barriers and create a community, consisting of both our migrant brothers and Singaporeans, by creating a safe space where everyone in the community can come together to share their skills, stories and enjoy the company of one another.

One part of this initiative is a group of migrant workers from India and Bangladesh volunteering their time each Sunday at Boon Keng to teach members of the local community how to play cricket.

The SCA is extremely pleased that the Vaangae Anna program is using cricket as a tool to achieve their organisation's goals and will be looking to work further with the Vaangae Anna program.

UPCOMING TOURNAMENTS

ASIA CUP 2020 QUALIFIER

After winning the ACC Eastern Region T20 2020 in Thailand, Singapore will be participating in the four-team Asia Cup 2020 Qualifier tentatively scheduled to take place in Kuala Lumpur in August 2020. Singapore will be joined by Hongkong, Kuwait and the UAE.

Kuwait and the UAE reached the final of the Western Region group, and as a result, also advanced to the Asia Cup Qualifier. Singapore will be joined by Hongkong as both these teams finished as the top two teams in the Eastern Region group, joining Kuwait and the UAE in the Asia Cup Qualifier.

With reference to item 6 of the Agenda, the Chairman confirmed that the Secretary did not receive any written notice of matters to be raised at the AGM but was happy to invite members of the floor to raise any relevant matters if they wished.

Following matters were raised and discussed:

a. (i) Mr Sakthidaran commented that in the past the Clubs used to get regular communications from SCA on important news items and requested that this practice be resumed.

(ii) Chairman remarked that the SCA office continues to keep the clubs informed but pointed out that increasingly the channel of such information dissemination is via the SCA website and that it will be helpful if Clubs could update themselves by referring to the website.

(iii) Mr Sakthidaran commented that referring to the website was not convenient and that it would be more expedient if there was direct communication.

b. Mr Balakrishnan Rajesh of ICC extended his congratulations to Singapore for the victory at the ICCT20 World Cup Qualifiers tournament in which Singapore finished No. 1 and unbeaten in a competition involving Nepal, Qatar, Kuwait and Malaysia.

c. Mr Balakrishnan Rajesh referred to the upcoming Premier Division T20 competitions and raised the Tournament Committee's concern about teams pulling out of the competition and asked what the SCA can do to alleviate the situation.

d. In response to Mr Balakrishnan Rajesh's question about teams pulling out of the T20 competition, Chairman remarked that the SCA was discharging its obligation to hold the T20 competition but participation was voluntary. He added that it was up to the teams to decide how they wanted to prioritize and expend their internal resources for any competition. He commented further that given all the challenges on resources, the value-add and benefit of a T20 competition for the premier teams towards high-level cricket development and consequently national team development, needed re-examination.

e. Mr Soorej of GCC asked if it was possible for SCA to introduce "Man of The Match" awards for each league match. Chairman suggested that this request be channelled to the League Tournament Committee for consideration.

f. Mr Mohd Ashraf of Standard Chartered commented that the standard of Umpiring had been poor in the lower division matches. Chairman responded that there would always be differences of opinion in the matter of umpiring standards given that there are both negative and positive comments.

g. Chairman informed the meeting that Singapore would be playing in the CWC 50-over competition in Kuala Lumpur in September and following its resounding victory at the recently-concluded ICCT20 qualifier competition round in Singapore, the team earned the right to play in the next round in Dubai, in October 2019.

h. Referring to the development of women's cricket, the Chairman informed members present that the SCA was aiming to get around 100 women to play the sport. He noted that SCA already had grown the number of women in training from about a dozen initially to around 59 presently. He requested members present to help in adding to the pool of women cricketers by actively scouting and introducing to SCA women with good hand-eye coordination skills and interested in getting inducted into the sport.

i. Chairman highlighted that the Association required more Corporate Sponsorship support and requested those with relevant networks and connections to assist where possible.

8. CLOSING

There being no other matters for discussion, the meeting ended at 7.45pm.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SINGAPORE CRICKET ASSOCIATION

Report on the audit of the financial statements

Opinion

We have audited the financial statements of **SINGAPORE CRICKET ASSOCIATION** (the "Association"), which comprise the statement of financial position of the Association as at 31 March 2020, the statement of comprehensive income, statement of changes in funds and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements of the Association are properly drawn up in accordance with the provisions of the Singapore Societies Act (Cap.311), the Charities Act Cap 37 (together, the "Acts"), and Singapore Financial Reporting Standards (FRSs) so as to give a true and fair view of the financial position of the Association as at 31 March 2020 and of the financial performance, changes in accumulated funds and cash flows of the Association for the financial year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the Accounting and Corporate Regulatory Authority (ACRA) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Executive committee is responsible for the other information. The other information comprises the Statement by Executive Committee set out on page 1.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Executive Committee for the Financial Statements

Executive Committee is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Acts and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF SINGAPORE CRICKET ASSOCIATION – cont'd**

In preparing the financial statements, Executive Committee is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

The Executive Committee's responsibilities include overseeing the Association's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF SINGAPORE CRICKET ASSOCIATION – cont'd**

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Executive Committee.
- (d) Conclude on the appropriateness of Executive Committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF SINGAPORE CRICKET ASSOCIATION – cont'd**

- (e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Executive Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In our opinion,

- (a) the accounting and other records required to be kept by the Association have been properly kept in accordance with the provisions of the Societies Regulations enacted under the Societies Act, the Charities Act and Regulations; and
- (b) the fund-raising appeal held during the period from 1 April 2019 to 31 March 2020 has been carried out in accordance with Regulation 6 of the Societies Regulations issued under the Societies Act and proper accounts and other records have been kept of the fund-raising appeal.
