# 2.1. SCA Clubs' League

Such matches will preferably be scheduled on Friday, Saturday or Sunday evenings wherever possible but nothing in this clause shall limit the power of the TC from scheduling the matches on any other day taking into account the availability of the playing teams. Teams should not be paying higher ground fees than that payable in the original fixture in such a case.

# 2.2. SCA Development League

# a. SCA Development League teams shall play two rounds of T20 matches.

b. Matches may be scheduled in the evening at IA under lights should home ground slots not be available for the competition. - b. The TC shall be empowered, taking all factors into account, to direct that some games may be played in an evening slot under lights at IA with an orange ball. Such matches will preferably be scheduled on Friday, Saturday or Sunday evenings wherever possible but nothing in this clause shall limit the power of the TC from scheduling the matches on any other day taking into account the availability of the playing teams. Teams should not be paying higher ground fees than that payable in the original fixture in such a case.

# 3. PLAYER QUALIFICATION

**3.1.** *Qualification:* No player shall be permitted to play for any team in the SCA League unless he is a registered member of the representing club / employee of corporate / employee or student of Institution and is registered to play in the SCA League and having a valid resident status in the country (Citizen, Permanent Resident, Dependent Pass, Student Pass, Special Pass or Work Permit). Players are not permitted to be registered or to play in the league while on a Social Visit Pass. If a team is unsure, they should clarify with the TC prior to registering the player.

**3.2.** *Exemptions:* See Rule 4.6.b for exemptions for previous Singapore representatives, 5.4 for exemption for Foreign Players in the Development League, Rule 6.5 for exemption for student alumni in the Corporate League and Rule 6.6 for exemption for Foreign Players in the Corporate League.

### 4. <u>SCA CLUBS' LEAGUE PLAYER REGISTRATION</u>

- **4.1.** *New Player Registration:* No player shall play in any match unless he has been registered with SCA prior to the match he intends to play. Registration is to be conducted in accordance with SCA's guidelines in the manner stipulated by SCA from time to time. As at the time of publication of these Rules, registration is required to be done via SCA's website.
  - a. Singapore National squad players who do not meet the criteria of Youth Player (see Rule 4.6.a) will not be eligible for registration in the Clubs' League. The SCA will provide the list of players in this category prior to the commencement of the 2023 League.
  - b. No player should be registered for more than one club in the Club's League, nor more than one team in any single club.
  - c. The onus is on the club to check that the registration has gone through to the relevant team's page on the SCA website before fielding the registered player.
  - d. In any case where a team has registered a player but finds that the player's profile is not loaded on to the relevant team page, then a written request must be sent to the SCA inbox: <u>league@singaporecricket.org</u>. A player shall NOT be deemed eligible to play unless there is a written reply sent from <u>league@singaporecricket.org</u> informing that the player concerned is eligible to play.
  - e. Should a player who does not fit the above requirement be fielded, the team should contact SCA to rectify within one week. If the player was not otherwise eligible to play in the match, or the club does not rectify the error, the match will be forfeited to the opposition (see Rule 7.7). Additionally, there will be a further penalty of 8 points for the team in breach.
- **4.2.** *Minimum Players:* Clubs must register a minimum number of 11 players in each team they enter in the Clubs' League. There is no maximum number of players for any team.
  - a. This requirement must be met by all teams in all divisions before the first match of the league. Failure to do so will result in a penalty of two points for every week the team

The Governing Body of Cricket in Singapore

does not fulfill the requirement, applied to this team and all other teams lower in the club.

b. If and when Division 5 and 6 commence, excess players registered in Divisions 1-4 will be allowed to re-register down as long as no other Rule is breached.

- **4.3.** *Minimum Playing Requirement for Each Registered Player:* After the first five matches, a team must have a minimum off 11 players who have each played 1 match still registered in that team itself. Should this not be the case, players who are registered lower but have played one of the first five matches must be re-registered higher until the minimum of 11 is satisfied. This rule will still apply for those clubs who are using U21 players in multiple divisions.
  - a. This clause will not apply to the lowest team in a club.
  - b. Failure to revisit registrations to comply with this rule between the time of the 5<sup>th</sup> match for the team in question and the following weekend (or next match for any team in that club, whichever is furthest) will result in the forfeiture of any match played by the club (see Rule 7.7) and an additional two points penalty applied to that team and all the teams lower in that club.
  - c. A club can seek exemption from this rule via a written explanation, with supporting documents, that a registered player has been unable to play one of the first five matches to the inbox: <a href="matches">league@singaporecricket.org</a> for review by the TC. In this case of an exemption being granted, a club must guarantee that the player in question will complete four matches for that team by the end of the season. Failure to fulfil this guarantee will result in a penalty of eight points being applied to that team and all the lower division teams in that club.

# 4.4. Minimum Playing Requirement for Players in a Team:

- a. All teams from Division 1 to 6 must complete the season having had a minimum of 11 players each play four matches for that team.
- b. This clause will not apply to the lowest team in a club.
- c. Failure to complete this requirement will result in a penalty of eight points for the team in breach.
- d. A player who has completed four (or more) games for a team regardless of where they are legally registered within the rules, will still count as one of the minimum 11 players under this requirement.

# 4.5. Maximum Matches in Higher Divisions:

- a. No player registered in a higher division team of a club shall be allowed to play in a lower division team.
- b. All players registered in a club will be allowed to play for a higher division team within the same club. However, once the player has played his 6<sup>th</sup> game in a higher division, he becomes ineligible for the team with which he is registered. He must be reregistered in the next highest team for whom he has played. Substitute players' names will not be counted as a match played for the purposes of calculating maximum or minimum games.
- c. Example: Player A is registered for Division 6. He plays four games for Division 2 and two games for Division 4. As six games have been played in higher division teams, he will now not be able to play in a team below Division 4 and he is deemed to be a Division 4 registered player. At this point, his matches played in a higher division will count in this rule. In this example, when he is deemed registered as a Division 4 player, he will have 4 games played in Division 2 count towards him. If he plays another 2 games in Division 3 or higher, his previous matches played in a higher division [i.e. 4] will count and upon playing the 6<sup>th</sup> match in a higher division [Division 3 or higher], this rule will apply to him once more. This process will continue to apply throughout the SCA League.
- d. Should a player be in breach of Rule 4.5, his club will forfeit any match for which he was ineligible (see Rule 7.7) as well as incur an additional penalty of eight points.

# 4.6. Player Exemptions:

- a. Players aged 20 and below as of 31 December 2022 ["Youth Players"] shall be allowed to play any number of matches in any division of their home club, without having to change their registration. The club must still adhere to the rest of the Rules governing registrations.
- b. A Player whose parents are Singaporean or PR and who had represented Singapore in any age group and had to leave Singapore for any reason whatsoever and is not holding a valid Singapore ID will be permitted to be registered and play in the SCA League as a local player. Any Club wanting to register such a player has to notify the TC and seek permission via a written explanation, with supporting documents to <u>league@singaporecricket.org</u> for a review and can play the player after the acceptance is received from TC.
- 4.7. Foreign Players: Foreign players will not be allowed to play in <u>SCA Clubs' League</u>.

- **4.8.** Clubs fielding multiple teams in same division: If a club fields multiple teams in the same division, the club shall nominate the ranking of the teams, highest to lowest, for the application of the rules. For example, a player registered with 'Team A' shall not play for 'Team B' (or 'Team C' and so on) in the league matches. A player registered with 'Team B' will be allowed to play for 'Team A' in accordance with Rule 4.5 (but not 'Team C'). In any one division, the total number of matches played by any player in that division cannot exceed the number of matches he would have played had he played for only one team in that division, with the exception of U21 players as per Rule 4.6.a.
  - a. Should a player exceed this number of games played in a single division (for example in a division with 14 matches per team, playing 11 games with Team B and 4 games with Team A), he would be considered as ineligible for every match after the 14<sup>th</sup>. His team would be forfeited in each such match (see Rule 7.7). That team will also penalized an additional eight points for each ineligible match.
  - b. Unless otherwise stipulated by the TC, a match between teams from the same club must be played within the first three games of the season. In Divisions played over two rounds, unless otherwise stipulated by the TC, the second such match must be played within the first eight games of the season.
- **4.9.** *Re-registration of Players:* Any club may request to re-register a player to a lower division team within the club from a higher division team, provided such a player has not played more than four games for the higher division team. In all such cases of re-registration, the club needs to replace the player with another immediately to comply with Rule 4.2. A player can only be re-registered voluntarily (i.e. not due to Rules 4.3, 4.4 or 4.5) once per season.
  - a. Any such request must be sent to <a href="mailto:league@singaporecricket.org">league@singaporecricket.org</a> and shall not be deemed granted until receipt of a written reply.
  - b. Any such request will only be approved if neither side has completed more than half their matches.
  - c. TC may allow a second voluntary registration, or one after a team has completed half the season, only if due to the delayed start of Divisions 5 and 6.
  - d. The TC reserves the right to refuse any such request.
- **4.10.** *Finals Eligibility:* For any finals matches, inclusive of promotion-relegation matches, only players that have played three or more matches for the club in an SCA League that season, in the relevant division or lower, will be eligible to play.

- **4.11.** *Player transfer between clubs:* No player shall be permitted to transfer clubs during the course of the league, unless permission has been obtained (in writing) from the TC regardless of the number of matches he or his team have played (inclusive of zero). The player may only be eligible to join a new club, provided that the player has obtained his release (NOC letter) from the previous club stating that he is free from indebtedness and subject to TC approval having been obtained. The player and both old and new teams shall still have to comply with all Rules 4.1 through 4.8. The TC shall have the power to waive the NOC in cases where the TC is satisfied that the NOC is unreasonably withheld or for any other reason whatsoever.
  - a. Any such request may only be approved if neither side has completed more than half their matches.
  - b. If a player is moving to a new club with multiple teams where some teams have completed more than half their games and some have not, the player would only be eligible for the teams that have not.

# c. Exemptions:

- i. The TC will allow players to transfer in the second half of the season only if they have not played at all for the club they were originally registered with.
- ii. All National Service men who are currently serving as well as those who have served (NS or Uniform group) and qualify as a Youth Player (Rule 4.6.a) are allowed to play for a national service club (Example: Singapore Police, Singapore Army etc) in addition to any other one club in the SCA League.
