Preamble - The Spirit of Cricket

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the Laws (which are incorporated within these Playing Conditions), but also within the Spirit of Cricket.

The major responsibility for ensuring fair play rests with the captains, but extends to all players, umpires and, especially in junior cricket, teachers, coaches and parents.

Respect is central to the Spirit of Cricket.

Respect your captain, team-mates, opponents and the authority of the umpires.

Play hard and play fair.

Accept the umpire's decision.

Create a positive atmosphere by your own conduct, and encourage others to do likewise.

Show self-discipline, even when things go against you.

Congratulate the opposition on their successes, and enjoy those of your own team.

Thank the officials and your opposition at the end of the match, whatever the result.

Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket.

1 THE PLAYERS

1.1 Law 1.1: Number of players

Law 1.1 shall be replaced by the following:

- 1.1.1 A match is played between two sides. Each side shall consist of 11 players, one of whom shall be captain.
- 1.1.2 There should be at least ONE registered member of the team present at the scheduled time of the toss (even in case of delays due to ground weather and light conditions). Failure to comply shall result in match being awarded to the opposition. A MINIMUM of 7 players has to take the field at the call of play. Failure to have 7 players take the field will result in the opposite team winning by a walkover. This applies to both batting and fielding teams [It would be prudent if umpires could do a physical count before getting to the field of play]

1.2 Law 1.2: Nomination of Players

Law 1.2 shall be replaced by the following:

- 1.2.1 Each captain shall provide a list of the 11 players in writing to the Umpires before the toss. (Captain to provide the team list with Full Player Name on the SCA prescribed template).
- 1.2.2 No player may be replaced after the nomination without the consent of the opposing captain.
- 1.2.3 Any replacement player shall be considered the same player as the nominated player he/she replaced for the purposes of these Laws.
 - 1.2.3.1 A replacement may not bat in an innings in which the nominated player he/she is replacing has completed his/her innings.
 - 1.2.3.2 Any unserved Penalty time, warnings or suspensions, that applied to the original nominated player will be inherited by his/her replacement
- 1.2.4 All those nominated, must be eligible to play for that particular team in the tournament and should be part of the team's registered squad.
- 1.2.5 The toss shall take place 20 minutes prior to the scheduled (or re-scheduled) start of play.

1.3 Law 1.3: Captain

- 1.3.1 If at any time the captain is not available, a deputy shall act for him.
- 1.3.2 If a captain is not available to nominate the players, then any person associated with that team may act as his deputy to do so. See clause 1.2.
- 1.3.3 At any time after the nomination of the players, only a nominated player can act as deputy in discharging the duties and responsibilities of the captain as stated in these Playing Conditions, including at the toss.

1.4 Law 1.4: Responsibility of captains

The captains are responsible at all times for ensuring that play is conducted within The Spirit of Cricket as well as within these Playing Conditions.

1.5 Players' Attire

- 1.5.1 Development Division: All players must be attired in their team colors. **Shoes can be of any color.**
- 1.5.2 All other divisions: All players must be attired in cricket whites. This includes collar T-Shirts, trousers, and pads. **The shoes/socks can be of any color.** Player's shirts/pants may have colored piping, logos, names and numbers.

- 1.5.3 Clauses 1.5.1 and 1.5.2 will also apply for any person taking the field as a substitute.
- 1.5.4 Conduct of players and officials: The players are requested to refrain from smoking and to avoid activities that are disruptive to the scorers or the umpires within the pavilion area. Match officials are advised to avoid smoking for the duration of the match.

2 THE UMPIRES

2.1 Law 2.1: Appointment and attendance

Law 2.1 shall be replaced by the following:

- 2.1.1 SCA shall appoint Umpires for all the matches.
- 2.1.2 Neither team will have a right of objection to an umpire's appointment.
- 2.1.3 The umpires shall control the game as required by these Playing Conditions, with absolute impartiality and shall be present at the ground at least 45 minutes before the scheduled start of play.

2.2 Law 2.2: Change of umpire

Law 2.2 shall apply.

2.3 Law 2.3: Consultation with Captains

Law 2.3 shall apply.

2.4 Law 2.4: The wickets, creases and boundaries

Law 2.4 shall apply.

2.5 Law 2.5: Conduct of the match, implements and equipment

Law 2.5 shall apply.

2.6 Law 2.6: Fair and unfair play

Law 2.6 shall apply.

2.7 Law 2.7: Fitness for play and Law 2.8: Suspension of play in dangerous or unreasonable circumstances

Law 2.7 and Law 2.8 shall apply subject to the following:

- 2.7.1 It is solely for the umpires together to decide whether either condition of ground, weather or light or exceptional circumstances mean that it would be dangerous or unreasonable for play to take place.
- Conditions shall not be regarded as either dangerous or unreasonable merely because they are not ideal.
- The fact that the grass and the ball are wet does not warrant the ground conditions being regarded as unreasonable or dangerous.
- 2.7.2 Conditions shall be regarded as dangerous if there is actual and foreseeable risk to the safety of any player or umpire.
- 2.7.3 Conditions shall be regarded as unreasonable if, although posing no risk to safety, it would not be sensible for play to proceed.

- 2.7.4 If the umpires consider the ground is so wet or slippery as to deprive the bowler of a reasonable foothold, the fielders of the power of free movement, or the batsmen of the ability to play their strokes or to run between the wickets, then these conditions shall be regarded as so bad that it would be dangerous and unreasonable for play to take place.
- 2.7.5 If conditions during a rain stoppage improve and the rain is reduced to drizzle, the umpires must consider if they would have suspended play in the first place under similar conditions. If both ~~on-field~~ umpires agree that the current drizzle would not have caused a stoppage, then play shall resume immediately. However, umpires will monitor the conditions and take necessary actions if in their opinion the drizzle will have an effect on the pitch, player's mobility, safety, etc.
- Note: For deciding on the fitness of ground conditions, umpires are requested to prioritize the areas of concern for players safety, starting from (i) pitch & areas adjoining the pitch, bowler's run up (ii) 15 yards from the pitch (iii) 30 yards from the pitch (iv) beyond 30 yards all the way up to the boundary line in that order. This is to ensure that the possibility of conducting a game in spite of relatively challenging conditions is maximized.*
- 2.7.6 The umpires shall disregard any shadow on the pitch from the stadium or from any permanent object on the ground.
- 2.7.7 If a shadow from the fielder falls across the striker's half of the pitch, the fielder must remain stationary from the time the bowler commences his run up until the striker has received the ball. In the event of a fielder moving before the striker receives the ball, the umpire shall call and signal 'dead ball' if he considers the striker has been disadvantaged by the action.
- 2.7.8 PSI Guidelines. Shall be applied as per Appendix 1
- Haze is similar to other GROUND, WEATHER and LIGHT CONDITIONS THAT CAN AFFECT THE PROGRESS OF A CRICKET GAME. However, given that there are national and ground-specific guidelines in terms of permissible PSI thresholds above which grounds are unavailable, the league will follow the guidelines that are outlined in Appendix 1.

2.8 Law 2.9: Position of umpires

Law 2.9 shall apply.

2.9 Law 2.10: Umpires changing ends

Law 2.10 shall not apply.

Law 2.13: Signals

The following shall apply in addition to Law 2.13:

- 2.11.1 The signals listed below shall be made to the scorers only when the ball is dead.

Free Hit – after signaling the no ball, the bowler's end umpire extends one arm straight upwards and moves it in a circular motion.

Powerplay Over – by rotating arm in a large circle.

The following signal is for Level 4 player conduct offences. The signal has two parts, both of which should be acknowledged separately by the scorers.

- 11.1.3 If a team can foresee a result when the time for interval is reached, they can request the umpire to extend the play for a period of 30 minutes. The game will be played until the players have a cause to leave the field of play, or a result has been achieved or 30 minutes has elapsed, whichever is earlier. The 30 minutes will be deducted from the playing time allocated for that game.
- 11.1.4 Lunch/Tea shall normally be taken between innings and second session will commence immediately after lunch/tea and will end when results have been reached or bad light or conditions of ground prevent any further play.
- 11.1.5 Where play is delayed or interrupted, the umpires will reduce the timing of the intervals as follows:

13.4 Length of Innings

13.4.1 Uninterrupted Matches.

- i) Each team shall bat for the number of overs prescribed in clause 12.1 above unless all out earlier.
- ii) If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the first session:
 - a. Play shall continue until the required number of overs has been bowled.
 - b. When they bat they will receive the same number of overs they had bowled in the allocated time. The over in progress at the scheduled end time shall be counted as having been bowled within time.
The umpires may reduce or waive this penalty if in their opinion the events beyond the control of the bowling team prevented that team from bowling the required number of overs by the scheduled cessation time of the first session.
 - c. The interval shall not be extended and the second session shall commence at the scheduled time.
 - d. If the innings of the team batting second is reduced due to slow over rate, the power play, **FRO (for Development league only)** and bowlers' restrictions shall apply correspondingly.
The penalty for slow over rate shall apply even if the side bowling first bowls out the opponents before the required number of overs have been bowled. Refer Appendix 4 – First Innings Slow Over Rate Example
- iii) If the team batting first is dismissed in fewer than the prescribed overs, the team batting second shall still be entitled to bat for its entire overs.
- iv) If the team fielding second fails to bowl the required number of overs by the scheduled cessation time of the second session:
 - a. Play shall continue until the required number of overs has been bowled.
 - b. The target of the team batting second shall be reduced by the average of the 10 best overs of the team batting first multiplied by the number of overs short bowled by them at the scheduled cessation time. Fractions in the average of 10 best overs are to be ignored in all calculations regarding the number of overs. The over in progress at the scheduled end time shall be counted as having been bowled within time.
 - c. The hours of play shall be extended until the required number of overs has been bowled or a result achieved or bad light stops play. The umpires may reduce or waive the penalty if in their opinion the events beyond the control of the bowling team prevented that team from bowling the required number of overs by the cessation time. Refer Appendix 4 – Second Innings Slow Over Rate Example

13.4.2 Delayed or Interrupted Matches

- i) Delayed Start
 - o In the case of any game not starting on time for any reason other than weather, or ground conditions, the umpires will in the first instance inform both the captains that the time is reached and unless the game is started immediately one over for every 4.2 minutes (or part thereof), of delay will be deducted from each team for that game.
 - o However, if the ground is not ready for play for any reason other than weather and/or ground conditions and the game is not started on time, the number of overs will be deducted only from the home team responsible for that game, at the rate of 1 over for every 4.2 minutes (or part thereof).
- ii) Delay or Interruption to the Innings of the Team Batting First

- When playing time has been lost the revised number of overs to be bowled in the match shall be based on a rate of 4.2 minutes per over in the total remaining time available for play.
- The revision of the number of overs should ensure, whenever possible, that both teams have the opportunity of batting for the same number of overs. The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.
- To constitute a match, a minimum of overs as prescribed in the table in Appendix 3 have to be bowled to both sides, subject to their innings not being completed earlier.
- A fixed time will be specified for the commencement of the interval and the close of play for the match, by applying a rate of 4.2 minutes per over. When calculating the length of playing time available for the match, or the length of either innings, the timing and duration of all relative delays, extensions in playing hours, interruptions in play, and the interval will be taken into consideration. This calculation must not cause the match to finish earlier than the original time. If required the original time shall be extended to allow for one extra over for each team.
- If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the first session, play shall continue until the required number of overs has been bowled. However when they bat they will receive the same number of overs which had been bowled by them in the allocated time. The umpires may reduce or waive this penalty if in their opinion the events beyond the control of the bowling team prevented that team from bowling the required number of overs by the scheduled cessation time of the first session. The interval shall not be extended and the second session shall commence at the scheduled time. The over in progress at the scheduled cessation time shall count as a completed over. The penalty for slow over rate shall apply even if the side bowling first bowls out the opponents before the required number of overs have been bowled.
- If the team fielding second fails to bowl the required number of over as by the scheduled cessation time, the target of the team batting second shall be reduced by the average of the 10 best overs of the batting first multiplied by the number of overs short bowled by them at the scheduled cessation time. Fractions are to be ignored in all calculations re the number of overs. The over in progress shall count as a completed over. The hours of play shall be extended until the required number of overs has been bowled or a result achieved or bad light stops play the umpires may reduce or waive the penalty if in their opinion the events beyond the control of the bowling team prevented that team from bowling the required number of overs by the cessation time.
- Should calculations regarding numbers of overs result in a fraction of an over, the fraction shall be ignored.

iii) Delay or Interruption to the innings of the Team Batting Second

- When playing time has been lost and, as a result, it is not possible for the team batting second to have the opportunity of receiving its allocated or revised allocation of overs in the playing time available, the number of overs shall be reduced at a rate of 4.2 minutes per over in respect of the lost playing time. Should the calculations result in a fraction of an over the fraction shall be ignored.
- In addition, should the innings of the team batting first have been completed prior to the scheduled, or re-scheduled time for the commencement of the interval, then any calculation relating to the revision of overs shall not be effective until an amount of time equivalent to that by which the second innings started early has elapsed.
- To constitute a match, a minimum of overs as prescribed in the table in Appendix 3 have to be bowled to the side batting second, subject to the innings not being completed earlier.
- The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.
- A fixed time will be specified for the close of play by applying a rate of 4.2 minutes per over. The timing and duration of all relative delays, extensions in playing hours and interruptions in play, will be taken into consideration in specifying this time.

- If the team fielding second fails to bowl the revised overs by the scheduled or re-scheduled close of play, the hours of play shall be extended until the overs have been bowled or a result achieved.

13.5 Extra Time

13.5.1 No extra time is provided.

13.6 Number of Overs per Bowler

13.6.1 The following over restrictions shall apply

Division 1: No bowler shall bowl more than 8 overs in an innings.

All other Divisions No bowler shall bowl more than 6 overs in an innings.

Development league: No bowler shall bowl more than 4 overs in an innings.

13.6.2 In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed.

13.6.3 Where the total overs are not divisible by 5, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance.

13.6.4 In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be allowed by another bowler. Such part of an over will count as a full over only in so far as each bowler's limit is concerned.

13.7 Over-Rate Penalties (IORP) Shall apply only for Development League

13.7.1 The fielding side shall be in position to bowl the first ball of the final over of the innings by the scheduled (or re-scheduled) cessation time for the innings (calculated in accordance with clause 13.4). In delayed or interrupted matches where there has been a reduction of 3 or more overs pursuant to clause 13.4.2, the fielding side shall be in position to bowl the first ball of the penultimate over of the innings by the scheduled (or re-scheduled) cessation time for the innings.

13.7.2 Where this requirement is not met, clause 28.4 shall be varied and from the start of the next over after the point in time at which the cessation time is reached (and for the remainder of the innings) no more than 4 fielders shall be permitted outside the fielding restriction area referred to in clause 28.4.

13.7.2.1 any time allowances pursuant to clause 12.8.3 (ICC Playing conditions) as and when they arise.

13.7.3 Over-rate penalties pursuant to clause 13.8 shall be applied in addition to the relevant provisions under the ICC Code of Conduct.

14 THE FOLLOW-ON

Law 14 shall not apply.

15 DECLARATION AND FORFEITURE

Law 15 shall not apply.

16 THE RESULT

Law 16 shall apply subject to the following:

16.1 Law 16.1: A win - two innings match

Law 16.1 shall not apply.

16.2 Law 16.2: A win - one innings match

Law 16.2 shall apply in addition to the following:

16.2.1 Save for circumstances where a match is awarded to a team as a consequence of the opposing teams refusal to play (Law 16.3), a result can be achieved only if both teams have had the opportunity of batting for at least the minimum number of overs as prescribed in the table in Appendix 3, unless one team has been all out in less than the minimum number of overs as prescribed in Appendix 3, or unless the team batting second scores enough runs to win in less than the minimum number of overs as prescribed in Appendix 3.

16.2.2 However, in a rain-interrupted match the following will apply:

- i) If the umpires determine that the ground, weather and light conditions have improved sufficiently and it is possible for play to go on till at least the minimum number of overs required are bowled, they shall determine the revised target for the team batting second applying the DLS system of revised targets.

If, after determining the revised target as above, the umpires find that the team batting second has already attained it i.e. their score at the start of the interruption was equal to or greater than the revised target, they shall declare the result as a win for the team batting second, and there shall be no need for the minimum number of overs to be bowled.

- ii) If the umpires determine that no further play is possible or the remaining time does not permit the minimum number of overs to be bowled, the match shall be considered as having no result. In such a scenario, there is no requirement for the umpires to determine the revised target under the DLS system.

16.2.3 Save for circumstances where a match is awarded to a team as a consequence of the opposing team's refusal to play (Law 21.3), all matches in which both teams have not had an opportunity of batting for the minimum number of overs as prescribed in the table in Appendix 3, shall be declared no result.

16.3 Law 16.3: Umpires awarding a match

Law 16.3 shall apply.

16.4 Law 16.4: A Tie

Law 16.4 shall apply.

16.5 Law 16.5: A Draw

Law 21.5 shall not apply.

16.6 Law 16.6: Winning hit or extras

Law 16.6 shall apply

16.7 Law 16.7: Statement of result

Law 16.7 shall apply.

16.8 Law 16.8: Correctness of result

Law 16.8 shall apply

16.9 Law 16.9: Mistakes in scoring

Law 16.8 shall apply

16.10 Law 16.10: Result not to be changed

Law 16.10 shall apply. Once the umpires have agreed with the scorers the correctness of the scores at the conclusion of the match – see clauses 2.13 (Correctness of scores) – the result cannot thereafter be changed.

16.11 Interrupted or Prematurely Terminated Matches - Calculation of the Target Score

16.11.1 Interrupted Matches - Calculation of the Target Score- For all Divisions

- i) If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted, then a revised target score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing.

This revised target is to be calculated using the current Duckworth/Lewis/Stern method. The target set will always be a whole number and one run less will constitute a Tie. (Home Teams will be responsible to make available a computer for computation of DL calculations).

16.11.2 Prematurely Terminated Matches- For all Divisions

- i) If the innings of the side batting second is suspended (with at least minimum overs bowled) and it is not possible for the match to be resumed, the match will be decided by comparison with the D/L 'Par Score' determined at the instant of the suspension by the Duckworth/Lewis/Stern method (refer Duckworth/Lewis/Stern regulations). If the score is equal to the par score, the match is a Tie. Otherwise the result is a victory, or defeat, by the margin of runs by which the score exceeds, or falls short of, the Par Score.

16.11.3 Determining the revised target using DLS system

The following app/software shall be used to determine the revised target using DLS system:

- DLS 5.0 provided by ICC on Windows and Mac devices,
- DLS 5.0 provided on CRICCLUBS APP.
- CricHQ App (on iOS devices),

16.12 Correctness of result

Any query on the result of the match as defined in the Laws and as modified by these regulations shall be resolved as soon as possible and a final decision made by the umpires at close of play.

16.13 Competition Format

Teams in all divisions will play against other teams in their respective groups twice.

Points will be allocated for each match in accordance with the system described in Clause 16.14 of these playing conditions, which will apply throughout the competition.

16.14 Points

16.14.1 Points will be awarded to the teams based on the below table:

Result		Winning Team	Losing Team	Both Teams
Either Team wins	Points	8	0	NA
	Bonus Points	2 bonus points in case of the below:	1 bonus point in case of the below:	

		<ul style="list-style-type: none"> Batting first: Winning team wins by a margin of more than 50% of runs, OR Batting second: winning team achieves the target with more than 50% of the available overs remaining. 	<ul style="list-style-type: none"> Batting first: Winning team takes more than 90% of available overs to reach the winning target, OR Batting second: losing team scores more than 90% of the par score/target.

- i) Team B wins: If Team B achieves the target between 27.1 overs to 30 overs:
 - Team B: 8 points
 - Team A: 1 bonus point

- ii) Team A wins: If Team B scores 191 runs or more (i.e. more than 90% of runs scored by Team A):
 - Team B: 1 bonus point
 - Team A: 8 points

The winning team will be eligible for 2 bonus points if:

- a. When batting second, they attain the target in less than 50% of their allotted overs, or
- b. When bowling second, they win by a margin of more than 50% of the runs scored when batting first, or the par score.

Bonus point calculation for winning side

viii) If Team B scored 106 but less than 212 (i.e. 50% or more of runs scored by Team A but less than Team A Score of 212), then Team A will get 8 points. (refer Appendix 5 for more details)

17 THE OVER

Law 17 shall apply subject to the following addition to Law 17.5.

17.1 Law 17.5: Umpire miscounting

Whenever possible the scorer(s) shall liaise with the on-field umpires and if possible shall inform the on-field umpires if the over has been miscounted.

18 SCORING RUNS

Law 18 shall apply.

New batter will be on strike even if the previous batter had crossed before being caught.

18.1.1 If, after either or both batters run short, a boundary is scored the umpire concerned shall disregard the short running and shall not call or signal Short run, unless the boundary is a result of an Overthrow or willful act of a fielder (see Law 19.8 – Overthrow or willful act of fielder).

19 BOUNDARIES

Law 19 shall apply subject to the following addition:

19.1 Law 19.7: Runs scored from boundaries

19.1.1 Where possible the umpires may consult with the scorers to determine if a boundary stroke shall be scored as four or six runs if the scorers are in a suitable position to view the same and advise the umpires.

20 DEAD BALL

Law 20 shall apply subject to the following addition to Law 20.4.2.

20.1.1 Either umpire shall call and signal Dead ball when

20.1. 4.12 He/she considers that either side has been disadvantaged by a person, animal or other object within the field of play. However, if both umpires consider the ball would have reached the boundary regardless of the intervention, the boundary should stand.

See Law 19.2.7 (Identifying and marking the boundary).

21 NO BALL

Law 21 shall apply subject to the following:

21.1 Free Hit

21.1.1 In addition to the above, the delivery following a no ball called (all modes of no ball) shall be a free hit for whichever batters is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of no ball or a wide ball) then the next delivery will become a free hit for whichever batters is facing it.

- 21.1.2 For any free hit, the striker can be dismissed only under the circumstances that apply for a no ball, even if the delivery for the free hit is called wide ball. Field changes are not permitted for free hit deliveries unless:
- a) There is a change of striker (the provisions of clause 41.2 shall apply), or
 - b) The No Ball was the result of a fielding restriction breach, in which case the field may be changed to the extent of correcting the breach.
- 21.1.3 The umpires will signal a free hit by (after the normal No Ball signal) extending one arm straight upwards and moving it in a circular motion.

21.2 Law 21.2: Definition of fair delivery

Shall apply as per the ICC PCs. The procedure set out in attached Appendix 6 will be followed in addition to the provisions of Law 21.2 and Law 21.3.

21.3 Bowler throwing towards striker's end before delivery

If the bowler throws the ball towards the striker's end before entering the delivery stride, it is not a No ball, and the procedure stated in 21.3 shall not apply. However, the umpire shall call and signal Dead ball under Law 20.4.2.9.

22 WIDE BALL

Law 22 shall apply subject with the following addition:

22.1 Law 22.1: Judging a Wide

- 22.1.1 Umpires are instructed to apply very strict and consistent interpretation in regard to this Law in order to prevent negative bowling wide of the wicket.
- 22.1.2 Any offside or leg side delivery which in the opinion of the umpire does not give the batters a reasonable opportunity to score shall be called a wide.
- 22.1.3 A penalty of one run for a wide shall be scored. This penalty shall stand in addition to any other runs which are scored or awarded. All runs, which are run or result from a wide ball, which is not a no ball, shall be scored wide balls.
- 22.1.4 In the event of the batters attempting a Switch Hit or Reverse sweep, the umpires shall revert to the normal method of judging wide.

23 BYE AND LEG BYE

Law 23 shall apply.

24 FIELDER'S ABSENCE; SUBSTITUTES

Law 24 shall apply subject to the following:

24.1 Law 24.1: Substitute fielders

Law 24.1 shall apply

- 24.1.1 Law 24.1.2: A substitute shall not bowl or act as captain but may act as wicketkeeper only with the consent of the umpires.

24.2 Law 24.2: Fielder absent or leaving the fielding

Law 24.2 shall be replaced by the following.

- 24.2.1 A fielder who fails to take the field with his side at the start of the match cannot be substituted.
- 24.2.2 If a fielder at any later time leaves the field during a session of play, the umpire shall be informed of the reason for his absence, and he shall not thereafter come on to the field during a session of play without the consent of the umpire. The umpire shall give such consent as soon as practicable.
- 24.2.3 If a team plays with less than 11 players in the playing list, no substitute shall be allowed for the numbers of players falling short. (For instance, if a team has given a list of only 10 players at the time of toss, it will field only with 10 players and no substitute shall be provided for the 11th player, who is not listed at all in the team list).
- 24.2.4 If a player fails to take the field with his side at the start of the second innings and was present on the ground in the first innings he cannot be substituted except for wholly acceptable reasons such as an injury. If he is substituted, the player should be present in the ground (if he is not bleeding or sent on an ambulance) till his need of substitution/or till the end of the game.
- 24.2.5 If the player is absent from the field for longer than 8 minutes, he is subjected to restrictions as per clauses 24.2.5.1 and 24.2.5.2 below.
- 24.2.5.1 The player shall not be permitted to bowl in the match until he has either been able to field, or his team has subsequently been batting, for the total length of playing time for which he was absent (hereafter referred to as Penalty time), subject to a maximum cumulative penance time of 120 minutes.
- If any unexpired penance time remains at the end of the first innings, it is carried forward to the second innings of the match.
- 24.2.5.2 The player shall not be permitted to bat in the match until his team's batting innings has been in progress for the length of playing time that is equal to the unexpired penance time carried forward from the previous innings, subject to a maximum cumulative penance time of 120 minutes.
- However, once his side has lost five wickets in its batting innings, he may bat immediately. For the purposes of 24.2.5.1 and 24.2.5.2, playing time shall comprise the time play is in progress excluding lunch and tea intervals, intervals between innings and official drinks intervals.
- However, in the event of a batters or a fieldsman already being off the field at the commencement of an interruption in play through ground, weather or light conditions or for other exceptional circumstances, he shall be allowed to count any such stoppage time as playing time, provided that he personally informs the umpires when he is fit enough to take the field had play been in progress.
- Similarly, if at the commencement of an interruption in play through ground, weather or light conditions or for other exceptional circumstances, a player is on the field but still has some unexpired penalty time remaining from a previous absence, he shall automatically be allowed to count any such stop-page time as playing time, provided he returns to the field of play immediately after the interruption.
- The restriction in clauses 24.2.5.1 and 24.2.5.2 shall not apply if the player has suffered an external blow (as opposed to an internal injury such as a pulled muscle) whilst participating earlier in the match and consequently been forced to leave the field. Nor shall it apply if the player has been absent for very exceptional and wholly acceptable reasons (other than injury or illness).
- 24.2.5.3 Substitute fielders shall be permitted for 8 minutes comfort break for any reason whatsoever subject to a maximum of 3 breaks per innings per team with a minimum interval of 15 minutes after the previous break. If he fails to turn up within 8 minutes the substitute will be sent out and the player will subject to the restrictions as per the above clauses 24.2.5.1 and 24.2.5.2.

Note:

1. *There is no strict requirement that the names of substitutes should be listed out before the toss is taken. However, it should be added to the team list before the substitute enters the field of play. He should also be a registered member of the club/corporate, from within the same division or lower division of the concerned club or else they cannot be substituted. Whenever possible, scorers and umpires should verify the particulars to avoid abuse of the same. If a team is found violating the requirement above, this will be treated similar to player impersonation and commensurate penalties will apply.*
2. *Squad members of the fielding team who are not playing in the match and who are not acting as substitute fielders shall be required to wear a team training bib whilst on the playing area (including the area between the boundary and the perimeter fencing).*

25 BATTERS'S INNINGS

Law 25 shall apply with the following change:

25.1 Law 25.5: Runners

Runners shall not be permitted.

26 PRACTICE ON THE FIELD

Law 26 shall apply.

27 THE WICKET-KEEPER

Law 27 shall apply.

28 THE FIELDER

Law 28 shall apply subject to the following:

28.1 Law 28.1: Protective equipment

The following shall apply in addition to Law 28.1:

The exchanging of protective equipment between members of the fielding side on the field shall be permitted provided that the umpires do not consider that it constitutes a waste of playing time.

28.2 Law 28.2: Fielding the ball.

Shall Apply.

28.3 Law 28.3: Protective helmets belonging to the fielding side

Shall Apply.

28.4 La 28.4: Restrictions on the placement of fieldsmen

At the instant of delivery, there may not be more than 5 fieldsmen on the leg side.

In addition to the restriction contained above, further fielding restrictions shall apply to certain overs in each innings. The nature of such fielding restrictions and the overs during which they shall apply are set out in the following paragraphs.

The following fielding restrictions shall apply:

- Two semi-circles shall be drawn on the field of play. The semi-circles shall have as their centre the middle stump at either end of the pitch. The radius of each of the semi-circles shall be 30 yards (27.43 meters). The semi-circles shall be linked by two parallel straight lines drawn on the field. (Refer attached Appendix 7).

The fielding restriction areas should be marked by continuous painted white lines or 'dots' at 5 yard (4.57 meters) intervals, each dot to be covered by a white plastic or Rubber (but not metal) disc measuring 7 inches (18 cm) in diameter.

For all Divisions:

- There shall only be one block of fielding restrictions which shall apply at the start of the innings for the following number of overs:
 - Division 1: 12 overs
 - Divisions 2, 3, 4, 5, 6 and Corporate: 9 overs
 - Development: 6 overs
- During this block of fielding restrictions, only 2 fieldsmen shall be permitted outside the 30-yard circle at the instant of delivery.
- In the circumstances when the number of overs of the batting team is reduced, the number of Fielding Restriction overs shall be reduced proportionately in ratio of 15:50 (30%) in accordance with the table below. For the sake of clarity, it should be noted that the table shall apply to the 1st and 2nd innings of the match.
- For all other divisions, five (5) fieldsmen shall be permitted outside the fielding restriction area (30 yards) after the first block of power play overs.

Field restrictions (for all divisions other than T20):

Innings Duration	Field Restriction Overs
8-9	2
10-13	3
14-16	4
17-19	5
20-23	6
24-26	7
27-29	8
30-33	9

37-39	11
40	12

Field restrictions(T20 only):

Innings Duration	Fielding Restriction Overs
5-8	2
9-11	3
12-14	4
15-18	5
19-20	6

If an innings is interrupted during an over and if on the resumption of play, due to the reduced number of overs of the batting team, the required number of fielding Restriction overs has already been bowled, the remaining deliveries in the over to be completed shall not be subject to the fielding restrictions.

In the event of an infringement of any of the above fielding restrictions, the either umpire shall call and signal 'No Ball'.

29 THE WICKET IS BROKEN

Law 29 shall apply.

30 BATTERS OUT OF HIS/HER GROUND

Law 30 shall apply.

31 APPEALS

Law 31 shall apply.

32 BOWLED

Law 32 shall apply

33 CAUGHT

Law 33 shall apply.

Note: A ball can be caught after it strikes a helmet which is being worn by a fielder or the wicketkeeper. With the wearing of helmets by wicketkeepers and close fielders now compulsory at many levels of the game, it has been decided that a helmet will be deemed as being part of the fielder's person, meaning that a catch (or stumping) can be taken after the ball has struck the helmet, or become lodged in it.

34 HIT THE BALL TWICE

Law 34 shall apply

35 HIT WICKET

Law 35 shall apply

36 LEG BEFORE WICKET

Law 36 shall apply

37 OBSTRUCTING THE FIELD

Law 37 shall apply

37.1 Law 37.1: Out Obstructing the field

For the avoidance of doubt, if an umpire feels that a batters, in running between the wickets, has significantly changed his direction without probable cause and thereby obstructed a fielder's attempt to effect a run out, the batters should, on appeal, be given out, obstructing the field. It shall not be relevant whether a run out would have occurred or not.

If the change of direction involves the batters crossing the pitch, clause 41.13 shall also apply.

38 RUN OUT

Law 38 shall apply

39 STUMPED

Law 39 shall apply

40 TIMED OUT

Law 40 shall apply

41 UNFAIR PLAY

41.1 Law 41.1: Fair and unfair play – responsibility of captains

Law 41.1 shall apply

41.2 Law 41.3: The match ball – changing its condition

The use of saliva to polish the ball has long been a concern for MCC. It is both unhygienic and open to abuse, with players using various types of sweet to alter their saliva. During COVID-19, playing regulations were written in most cricket to state that saliva could no longer be applied to the ball. Data from international cricket has shown that this change had very little impact on the amount of swing. Players were using sweat to polish the ball, and this was equally effective. With both of those in mind, the new Law will not permit the use of saliva on the ball. Using saliva will be treated the same way as any other unfair methods of changing the condition of the ball.

Law 41.3 (d) and (e) shall be replaced with the following:

If the umpires together agree that the deterioration in the condition of the ball is greater than is consistent with the use it has received, they shall consider that there has been a contravention of this Law. They shall then decide together whether they can identify the player(s) responsible for such conduct.

If it is possible to identify the player(s) responsible:

- i. Change the ball forthwith. The batters at the wicket shall choose the replacement ball from a selection of six other balls of various degrees of usage (including a new ball) and of the same brand as the ball in use prior to the contravention.
- ii. Additionally, the bowler's end umpire shall:
 - Award 5 penalty runs to the batting side.
 - Inform the captain of the fielding side of the reason for the action taken.
 - Inform the captain of the batting side as soon as practicable of what has occurred.
 - Together with the other umpire report the incident to the SCA who shall take action as is appropriate against the player(s) responsible for the conduct under the ICC Code of Conduct.

If it is not possible to do identify the player(s) responsible:

- i. Change the ball forthwith. The umpires shall choose the replacement ball for one of similar wear and of the same brand as the ball in use prior to the contravention.
- ii. The bowler's end umpire shall issue the captain with a first and final warning, and
- iii. Advise him that should there be any further incident by that team during the remainder of the match or subsequent matches within the event, steps 41.3.2 i) to ii) above will be adopted, with the captain deemed under 41.3.2 - ii) to be the player responsible should the umpires be unable to identify other player(s) responsible.

41.3 Law 41.4: Deliberate attempt to distract striker

Law 41.4 shall apply

41.4 Law 41.5: Deliberate distraction, deception or obstruction of batters

Law 41.5 shall apply

41.5 Law 41.6: Bowling of dangerous and unfair short pitched deliveries

Law 41.6 shall be replaced by the following:

- i. A bowler shall be limited to two fast short-pitched deliveries per over.

- ii. A fast short-pitched delivery is defined as a ball which passes or would have passed above the shoulder height of the striker standing upright at the crease.
- iii. The umpire at the bowler's end shall advise the bowler and the batters on strike when each fast short pitched delivery has been bowled.
- iv. In addition, for the purpose of this regulation and subject to Clause 41.6.1.vi below, a ball that passes above head height of the batters, that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a wide.
- v. For the avoidance of doubt any fast, short pitched delivery that is called a wide under this playing condition shall also count as the allowable short pitched delivery in that over.
- vi. In the event of a bowler bowling more than two fast short-pitched deliveries in an over as defined in Clause 41.6.1.ii above, the umpire at the bowler's end shall call and signal no ball on each occasion. A differential signal shall be used to signify a fast, short pitched delivery. The umpire shall call and signal 'no ball' and then tap the head with the other hand.
- vii. If a bowler delivers a third fast short pitched ball in an over, the umpire, after the call of no ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batsmen at the wicket of what has occurred. This caution shall apply throughout the innings.
- viii. If there is a second instance of the bowler being no balled in the innings for bowling more than two fast short pitched deliveries in an over, the umpire shall advise the bowler that this is his final warning for the innings.
- ix. Should there be any further instance by the same bowler in that innings, the umpire shall call and signal no ball and when the ball is dead direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.
- x. The bowler thus taken off shall not be allowed to bowl again in that innings.
- xi. The umpire will report the occurrence to the other umpire, the batsmen at the wicket and as soon as possible to the captain of the batting side.
- xii. The umpires will then report the matter to the SCA who shall take such action as is considered appropriate against the captain and the bowler concerned. (Refer also to Law 42.1 Fair and Unfair Play - Responsibility of the Captains.)

The above is not a substitute for clause 42.3 below, which umpires can apply at any time.

41.6 Law 41.7: Bowling of dangerous and unfair non-pitching deliveries

Law 41.7 shall be replaced by the following:

Any delivery, which passes or would have passed, without pitching, above waist height of the striker standing upright at the popping crease, is to be deemed to be unfair, whether or not it is likely to inflict physical injury on the striker. If the bowler bowls such a delivery the umpire shall immediately call and signal No ball.

If, in the opinion of the umpire, such a delivery is considered likely to inflict physical injury on the batters by its speed and direction, it shall be considered dangerous. When the ball is dead the umpire shall caution the bowler, indicating that this is a first and final warning. The umpire shall also inform the other umpire, the captain of the fielding side and the batsmen of what has occurred. This caution shall apply to that bowler throughout the innings.

Should there be any further instance (where a dangerous non-pitching delivery is bowled and is considered likely to inflict physical injury on the batters) by the same bowler in that innings, the umpire shall

- call and signal No ball
- when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling
- inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

Additionally, the umpire shall

- report the occurrence to the batsmen and, as soon as practicable, to the captain of the batting side.

The umpires may then report the matter to the SCA who shall take such action as is considered appropriate against the bowler concerned.

The warning sequence in clauses 0 and 0 is independent of the warning and action sequence in clause 41.5.

If the umpire considers that a bowler deliberately bowled a high full-pitched delivery, deemed to be dangerous and unfair as defined in clause 0, then the caution and warning in clause 0 shall be dispensed with. The umpire shall

- immediately call and signal No ball.
- when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling and inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

- report the occurrence to the batsmen and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence to the SCA who shall take such action as is considered appropriate against the bowler concerned.

41.7 Law 41.8: Bowling of deliberate front-foot No ball

Law 41.8 shall apply.

41.8 Law 41.9: Time wasting by the fielding side

Law 41.9 shall apply subject to Law 41.9.3 being replaced by the following:

If there is any further waste of time in that innings, by any member of the fielding side the umpire shall:

- Call and signal dead ball if necessary, and;
- Award 5 penalty runs to the batting side.
- Inform the other umpire, the batsmen at the wicket and as soon as possible the captain of the batting side of what has occurred.
- Report the occurrence to the SCA.

41.9 Law 41.10: Batters wasting time

Law 41.10 shall apply, subject to the following:

41.9.1 If the incoming batters is not in position to take guard or his partner is not ready to receive the next ball within 2 minutes of the fall of the previous wicket, the action should be regarded by the umpires as time wasting and the provisions of Law 42.10 shall apply.

41.9.2 In addition, the umpires will report the incident to the SCA.

41.10 Law 41.11: The protected area

Law 41.11 shall apply

41.11 Law 41.12: Fielder damaging the pitch

Law 41.12 shall apply.

In addition, the umpires may report the incident to the Reporting manager who will bring it up to the SCA.

41.12 Law 41.13: Bowler running on protected area

Law 41.13 shall apply.

In addition, the umpires may report the incident to the Reporting manager who will bring it up to the SCA.

41.13 Law 41.14: Batters damaging the pitch

Law 41.14 shall apply.

In addition, the umpires may report the incident to the Reporting manager who will bring it up to the SCA.

41.14 Law 41.15: Striker in protected area

Law 41.15 shall apply.

In addition, the umpires may report the incident to the Reporting manager who will bring it up to the SCA.

41.15 Batters stealing a run

In addition, the umpires may report the incident to the Reporting manager who will bring it up to the SCA.

41.16 Law 41.17: Penalty runs

Law 41.17 shall apply.

42 PLAYERS' CONDUCT (Applicable to Development League only)

42.1 Unacceptable conduct

42.1.1 The umpires shall act upon any unacceptable conduct. Four Levels of offence and the corresponding actions by the umpires are identified as Level 1, Level 2, Level 3 and Level 4 offences in 42.2 to 42.5.

42.1.2 If either umpire considers that the conduct of a player, at any time during the match, is unacceptable, the umpire concerned shall call and signal Dead ball. This call may be delayed until the umpire is satisfied that it will not disadvantage the non-offending side.

42.1.3 The umpire concerned shall report the matter to the other umpire and together they shall decide whether misconduct has occurred. If so, they shall determine into which of the Levels the conduct falls, as set out in 42.2 to 42.5 below, and then apply the related sanctions.

42.1.4 Any call of No ball or Wide before the offence shall stand.

42.1.5 For each Level 1 to 4,

- Playing time shall be counted as lost from the call of Time to the call of Play, excluding intervals (Law 11) and suspensions of play (Law 2.8).
- the time for close of play on that day shall be extended by this length of time.
- if applicable, no overs shall be deducted during the last hour of the match solely on account of this time.

- making an obscene gesture

42.2.2.1 The umpire shall call Time, if necessary.

42.2.2.2 Together the umpires shall summon and inform the offending player's captain that an offence at this Level has occurred.

42.2.2.3 If the Level 1 offence is the first offence, at any Level, by that team, the umpire shall

42.2.2.3.1 issue a first and final warning which shall apply to all members of the team for the remainder of the match.

42.2.2.3.2 warn the offending player's captain that any further Level 1 offence by any member of his/her team shall result in the award of 5 Penalty runs to the opposing team.

42.2.2.4 If the Level 1 offence follows an offence, at any Level, by that team, the umpire shall award 5 Penalty runs to the opposing team.

42.2.2.5 As soon as practicable the umpire shall call Play.

42.2.2.6 The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending player's team and to any Governing Body responsible for the match, who shall take such further action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

42.3 Level 2 offences and action by umpires

42.3.1 Any of the following actions by a player shall constitute a Level 2 offence:

- showing serious dissent at an umpire's decision by word or action
- making inappropriate and deliberate physical contact with another player
- throwing the ball at a player, umpire or another person in an inappropriate and dangerous manner
- using language or gesture to another player, umpire, team official or spectator that, in the circumstances, is obscene or of a seriously insulting nature
- or any other misconduct, the nature of which is, in the opinion of the umpires, equivalent to a Level 2 offence.

42.3.2 If such an offence is committed, 42.3.2.1 to 42.3.2.6 shall be implemented.

42.3.2.1 The umpire shall call Time, if necessary.

42.3.2.2 Together the umpires shall summon and inform the offending player's captain that an offence at this Level has occurred.

42.3.2.3 The umpire shall award 5 Penalty runs to the opposing team.

42.3.2.4 The umpire shall warn the offending player's captain that any future Level 1 offence by any member of his/her team shall result in the award of 5 Penalty runs to the opposing team.

42.3.2.5 As soon as practicable the Umpire shall call Play.

42.3.2.6 The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending player's team and to any Governing Body responsible for the match, who shall take such further action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

42.4 Level 3 offences and action by umpires

42.4.1 Either of the following actions by a player shall constitute a Level 3 offence:

- intimidating an umpire by language or gesture

- threatening to assault a player or any other person except an umpire. See 42.5.1.

42.4.2 If such an offence is committed, 42.4.2.1 to 42.4.2.8 shall be implemented.

42.4.2.1 The umpire shall call Time, if necessary.

42.4.2.2 Together the umpires shall summon and inform the offending player's captain that an offence at this Level has occurred.

42.4.2.3 The umpires shall direct the captain to remove the offending player immediately from the field of play for a period in accordance with the following:

42.4.2.3.1 In a match where the innings are not limited to a number of overs, the player shall be suspended from the field of play for 10 overs. Any balls remaining in the over in progress at the time of suspension shall not count towards the overs for which the player is suspended.

42.4.2.3.2 In a match where the innings are limited to a number of overs, the player shall be suspended for one fifth of the number of overs allocated to the current innings at its commencement. If, in calculating the length of the suspension, a part-over results, it shall be considered as a whole over. Any balls remaining in the over in progress at the time of suspension shall not count towards the overs for which the player is suspended.

42.4.2.3.3 If the offending player is a fielder, no substitute shall be allowed for him/her. The offending player may return to the field of play after serving the period of suspension and may bowl immediately.

42.4.2.3.4 If a bowler is suspended mid-over, then that over must be completed by a different bowler, who shall not have bowled the previous over nor shall he/she bowl the next over.

42.4.2.3.5 If the offending player is a not out batter, he/she shall be replaced by another member of his/her team. The offending player may return to bat after having served the suspension only at the fall of a wicket. If no batter is available to bat during a batter's suspension, the innings is completed. If the offending player does not continue his/her innings for whatever reason, he/she is to be recorded as Retired – not out.

42.4.2.3.6 If the offending player is a dismissed member of the batting side, the period of suspension will not commence until the start of the next innings. Furthermore, in these circumstances, the offending player may not act as a runner during the innings when he/she was suspended.

42.4.2.3.7 Warn the offending player's captain that any future Level 1 offence shall result in the award of 5 Penalty runs to the opposing team.

42.4.2.3.8 Any overs remaining to be served from a suspension shall be carried forward to the next and subsequent innings of the match. A part over at the end of the innings shall not count towards the overs for which the player is suspended.

42.4.2.4 As soon as practicable, the umpire shall

- award 5 Penalty runs to the opposing team
- signal the Level 3 penalty to the scorers
- call Play.

42.4.2.5 The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending player's team and to any Governing Body responsible for the match, who shall take such further action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

42.5 Level 4 offences and action by umpires

42.5.1 Any of the following actions by a player shall constitute a Level 4 offence:

- threatening to assault an umpire
- making inappropriate and deliberate physical contact with an umpire
- physically assaulting a player or any other person
- committing any other act of violence.

42.5.2 If such an offence is committed, 42.5.2.1 to 42.5.2.5 shall be implemented.

42.5.2.1 The umpire shall call Time, if necessary.

42.5.2.2 Together the umpires shall summon and inform the offending player's captain that an offence at this Level has occurred.

42.5.2.3 The umpires shall direct the captain to remove the offending player immediately from the field of play for the remainder of the match and shall apply the following:

42.5.2.3.1 If the offending player is a fielder, no substitute shall be allowed for him/her. He/She is to be recorded as Retired – out at the commencement of any subsequent innings in which his/her team is the batting side.

42.5.2.3.2 If a bowler is suspended mid-over, then that over must be completed by a different bowler, who shall not have bowled the previous over nor shall be permitted to bowl the next over.

42.5.2.3.3 If the offending player is a batter he/she is to be recorded as Retired – out in the current innings, unless he/she has been dismissed under any of Laws 32 to 39, and at the commencement of any subsequent innings in which his/her team is the batting side. If no further batter is available to bat, the innings is completed.

42.5.2.3.4 Warn the offending player's captain that any future Level 1 offence shall result in the award of 5 Penalty runs to the opposing team.

42.5.2.4 As soon as practicable, the umpire shall

- award 5 Penalty runs to the opposing team
- signal the Level 4 penalty to the scorers
- call Play.

42.5.2.5 The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending player's team and to any Governing Body responsible for the match, who shall take such further action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

42.6 Captain refusing to remove a player from the field

42.6.1 If a captain refuses to carry out an instruction under 42.4.2.3 or 42.5.2.3, the umpires shall invoke Law 16.3 (Umpires awarding a match).

42.6.2 If both captains refuse to carry out instructions under 42.4.2.3 or 42.5.2.3 in respect of the same incident, the umpires shall instruct the players to leave the field. The match is not concluded as in Law 12.9 (Conclusion of match) and there shall be no result under Law 16 (The result).

42.7 Additional points relating to Level 3 and Level 4 offences

42.7.1 If a player, while acting as wicket-keeper, commits a Level 3 or Level 4 offence, Law 24.1.2 (Substitute fielders) shall not apply, meaning that only a nominated player may act as wicket-keeper, even if another fielder becomes injured or ill and is replaced by a substitute.

42.7.2 A nominated player who has a substitute or has a runner will suffer a penalty for any Level 3 or Level 4 offence committed by that substitute or by that runner.

42.7.2.1 When the offence is committed by a substitute, the nominated player and substitute will each suffer the penalty defined in 42.4.2.3 or in 42.5.2.3 as appropriate. Only the substitute will be reported as in 42.4.2.5 or 42.5.2.5.

42.7.2.2 When the offence is committed by a runner, the batter who has the runner and the runner will each suffer the penalty defined in 42.4.2.3 or in 42.5.2.3 as appropriate. The penalty for a Level 4 offence (42.5.2.3) will apply to the runner for the remainder of the match, but in only the current innings to the batter for whom the runner acted.

Appendix 1: Haze/PSI Guidelines

1. Haze is similar to other GROUND, WEATHER and LIGHT CONDITIONS THAT CAN AFFECT THE PROGRESS OF A CRICKET GAME. However, given that there are national and ground-specific guidelines in terms of permissible PSI thresholds above which grounds are unavailable; this section outlines the PSI guidelines and the treatment of the games impacted by haze during the league.
2. Given that the players' and officials' safety is of paramount importance, SCA would like to advise the following conditions for the games conducted under the SCA league:

- a. PSI Guidelines for NUS and NTU:

- For 24H PSI levels less than or equal to 100: Games shall either start or continue as per normal.
- For 24H PSI levels above 100:
 - If at the start of the game, the 24H PSI levels are above 100, then the game shall not be started.
 - If during the game, the 24H PSI levels goes above 100, then the game shall be suspended immediately.

After the non-start or suspension of a game, if the 24H PSI level goes below 100, then the game shall be resumed. The treatment of such a delayed start or an interruption in terms of reduction of overs, arrival of results, points secured etc., will be similar to that of an interruption due to ground, weather and light factors.

- b. PSI Guidelines for all other grounds:

- For 24H PSI levels less than or equal to 150: Games shall either start or continue as per normal.
- For 24H PSI levels above 150:
 - If at the start of the game the 24H PSI levels are above 150, then the game shall not be started.
 - If during the game, the 24H PSI levels goes above 150, then the game shall be suspended immediately.

After the non-start or suspension, if the 24H PSI level goes below 150 or less, then the game shall be resumed. The treatment of such a delayed start or an interruption in terms of reduction of overs, arrival of results, points secured etc., will be similar to that of an interruption due to ground, weather and light factors.

3. During the League, umpires shall use the 24H PSI reading from <http://www.haze.gov.sg> and will monitor the same regularly - during the time between overs, drinks and other appropriate intervals. They will resume or abandon play depending on subsequent 24H PSI readings and the available playing time. The standard cut-off times for relevant divisions apply.

For the sake of clarity:

- a. In case of abandonment, the result will be derived based on the state of the game. If the minimum overs conditions are met, the result will then be derived based on the D/L method and points allocated as such.
- b. If the minimum over conditions are not met due to a haze interruption or non-start of the game, then the game shall be deemed as a No Result with the points being split between the two teams.
- c. There will be NO postponements of games. While it is inconvenient to all given the ground bookings and other logistics that are arranged, it is imperative that health concerns are of highest importance.
- d. If a game is started/resumed based on the umpires' decision, then the teams are bound to play the game. In case of any refusal to start/continue to play despite the umpires' direction, then the umpires will proceed to apply Law 21.3 under MCC Laws pertaining to 'Umpires awarding a match'.
- e. Similar to the ground, weather and light conditions, the umpires will be the sole and final judges of the haze related decisions.

For the sake of clarity (Ground & Zone):

Teams, individual players and officials, playing and remaining outdoors do so at their own risk.

It is expressly understood by all parties concerned that teams, individual players and officials taking part in the League, do so under these playing conditions with full consent.

SCA accepts and bears no responsibility or liability in the event of any situation or mishap, which may directly or indirectly be attributed to the prevalent haze conditions prior-, during- and post the games.

Appendix 4: Examples of Slow Over Rate Calculations

1. Example 1 – First Innings slow over rate
 - Division 3 match: 30 Overs – Team A Vs Team B
 - Team A bat first
 - Match start time: 8 AM
 - Scheduled First innings end time: 10:05 AM

Assuming over in progress at 10:05 AM: 28.2 Overs (Last over should be started by 10:05 AM, considering no allowances)

Team B is bowling one over short, Team B will be penalized for slow over rate and one over will be docked. **IORP shall also apply where 1 fielder will have to be brought into the circle for the 30th over.**

Team B shall bowl full 30 overs or until Team A is all out whichever is earlier

Team A final score – 129/8 in 30 Overs, Team B have to score the target of 130 in 29 Overs

2. Example 2 – Second Innings slow over rate; best 10 overs calculation & revised target
 - Division 4 match: Team C Vs Team D
 - Team C bat first: 179/4 in 30 Overs
 - Match start time: 8 AM
 - Scheduled First innings end time: 10:05 AM
 - Scheduled Second innings start time: 10:20 AM
 - Scheduled Second innings end time: 12:25 PM

Over in progress at 12:25 PM: Team C has bowled 27.3 overs @ 12:25 PM (considering no allowances)

No. of overs Team C is short = 2 overs

Average of best 10 overs for Team C = 10.7 (ignore fractions) – 10 Runs

Revised target = Original Target – (No of overs short X Best 10 overs average) = 180 – (2 X 10) = 160 Runs

Match will continue until the target is reached or 30 Overs have been bowled to get the result or Team D is all out and also subject to Ground, Weather and Light conditions. **IORP shall also apply where 1 fielder will have to be brought into the circle for the 2 overs.**

Appendix 6: Suspect Actions Procedure

A. Cases where the bowling action is unequivocally illegal

In general, for clear cut cases action will be taken against the bowlers in accordance with Law 21.2 (Fair delivery – the arm). Such cases need to be reported in the Umpires Reports for tracking purposes.

B. Cases where the bowling action is suspect [while delivering a faster ball or trying to give a big tweak or any such infringement]

Please note that this framework is only for suspect action situations, where the on-field umpires may not be sure of the level of illegality of the action. If a bowler really throws the ball and is clear to the on-field umpires, then Section A above should be implemented without fail.

Step 1: Action by reporting manager following report by on-field umpires

If a bowler is reported to be having a suspect bowling action, by the on-field umpires for the first time:

- ix) The person designated by the SCA as the Umpires' Report Manager will make note of this report, and inform the person designated by SCA for appointed umpires to matches ("Umpire Assignment Manager").
- x) The bowler will be placed on observation from that point onwards.
- xi) The Umpire Assignment Manager will immediately inform the Captain and convener of the team that the player is under observation.
- xii) This process will be implemented for one more game as follows
 - Umpires Assignment Manager will disseminate the information to umpires ~~who~~ appointed to games that the "said player" is likely to participate in.
 - Observations are to be jointly reported back by the on-field officials and communicated through umpires' match report.
 - Umpires Assignment Manager will ensure that these two matches be officiated by at least 3 different umpires (i.e., at least one umpire should be different in all the matches)

Step 2: Referral to SCA

If a bowler is reported by umpires in two different matches (as per Step 1 above), then his case will be referred to SCA by the Umpires' Report Manager for a decision.

For the sake of clarity, the bowler can bowl with a suspect action in a game and may repeat the same three games later. The fact that he was good for three games does not take him off the suspect list. If he bowls with suspicious actions in two different games in a season, then he gets into this framework. Though a season-end does not condone his infringements, for ease of administration, we may consider starting on a clean slate for a new season.

Step 3: Decision by the SCA

The SCA will then decide on the recommendation based on the appropriate and relevant umpires' reports. The recommendation may also include suspending the errant bowler from bowling with immediate effect.

This recommendation will be communicated by the SCA, to the Umpires Report Manager and the Umpires Assignment Manager, who will ratify this decision and communicate the same to the relevant authorities/captains/managers/convener of the teams affected. For sake of expediting implementation, the decisions can be in the form of emails.

Step 4: Reinstatement of bowler after review by SCA

A player thus suspended as per Step 3, can bowl after his action has been reviewed and cleared by the SCA or anyone appointed by the SCA. For the sake of effectively dispensing with the process, the testing, remedying

and clearing of the suspect bowler to bowl in a match, are expected to be completed ideally within a period of two weeks following the suspension.

The Process

- xiii) After receiving a second report on a player regarding suspect action, the SCA shall arrange for testing the player's action within a week's time.
- xiv) The SCA or any person appointed by it will also suggest ways of improving/remedying the action during their first session.
- xv) Two weeks after the first review, the player will be called for testing by the SCA.
- xvi) If the SCA is satisfied that the bowler has corrected his mode of delivery, they will communicate this information to the officials committee, relevant authorities, captains & conveners.
- xvii) The bowler shall then be cleared to bowl in the next match immediately.
- xviii) If the SCA is not satisfied with the progress then the bowler will have to undergo the process in two weeks' time for him to be tested and cleared again.

If the player thus cleared is found not to have corrected his action in a real match situation, the transgression will be dealt with in accordance with Law 21.2.

For the sake of clarity, Steps 1 through 3 will NOT be repeated.

Points to note:

1. The decision of SCA will be final and binding on all. Furthermore this decision could not be challenged or contested at any forum.
2. Even if any bowler is suspended from bowling for illegal/suspect bowling action, his performances in earlier matches shall remain effective and not cancelled in any manner.

Communication:

1. In general, it is advised that the on-field umpires:
 - a. Have a quiet chat with the captains during the game about the suspicion
 - b. Note down the situations under which the suspect bowling action manifests itself – faster ball, doosra, wrong-one etc. This needs to be included in the match report, so that it is helpful for subsequent umpires and also for the subsequent review process.
 - c. Take the necessary action where the infringements are clear-cut
2. **In all communications to the SCA Review, SCA CEO and other appropriate appointed official personnel must be copied on.**
3. This process needs to be communicated to the captains/conveners/managers of the teams in the league, so that they are aware of the steps involved. Such a communication can be effected by SCA.
